PROFILE

Software Engineer with 3+ years of experience specializing in React and Next.js development. Proven track record of building scalable, high-performance web applications, with a strong focus on frontend optimization, user experience, and modern web technologies. Experienced in delivering responsive, SEO-friendly, and maintainable solutions in production environments.

EDUCATION

AMA Computer College of Calamba - Calamba, Laguna

Bachelor of Science in Information Technology

WORK EXPERIENCE

Goodfrontend LTD - Manila

Software Engineer

Sept 2021 - Oct 2025

- Developed and optimized frontend features for a major UK-based eCommerce platform (Clarks) using Next.js, delivering responsive, high-performance user interfaces and improving overall user experience.
- Led frontend development and performance optimization of a UK-based electric company website (GE Vernova), implementing dynamic, user-friendly interfaces and improving site efficiency and load performance.
- Engineered and enhanced the frontend of a UK car parts platform (Carparts4Less) using Next.js, ensuring fast load times, responsive design, and seamless user interaction.
- Built reusable components and scalable UI architecture using React and TypeScript, improving maintainability and development efficiency.
- Integrated RESTful APIs and CMS platforms (Sanity, Contentful) to deliver dynamic, content-driven applications.
- Collaborated with cross-functional teams using Agile methodologies to deliver high-quality features on schedule.
